

# THE HOPES AND FEARS LAB

SMALL CHATS + BIG ISSUES.

## THE LAB IS OPEN!

Thursday 14th March  
5:00PM - 9:00PM

Admission free.

Just choose a sticker and start chatting!

**ORDINARY PEOPLE + EXTRAORDINARY SCIENCE**

THE KAVLI CENTRE FOR ETHICS, SCIENCE, AND THE PUBLIC:

# THE HOPES AND FEARS LAB

SMALL CHATS + BIG ISSUES.

## HOW IT WORKS:

**1** There are lots of things to talk about over your iftar meal today:

**AI & DISEASE  
DIAGNOSIS**

**FOOD SECURITY &  
CLIMATE CHANGE**

**PSYCHOLOGY  
OF WORK**

**CLIMATE CHANGE &  
WOMEN'S HEALTH**

**RENEWABLE  
ENERGY**

**BLOOD DONATION &  
HEALTHY LIVES**

Ready for your first conversation? Grab some food & sit down next to a friendly researcher - who actually works on this stuff!

**2**

**3** Talk together about your Hopes and Fears. Each conversation experiment in the Lab lasts just 15 minutes. Have fun!

Your next scientist will join your table now for another conversation - and off we go again!

**4**

SMALL CHATS + BIG ISSUES.

IFTAR EDITION

WONDERING HOW TO GET STARTED ON  
YOUR 'CONVERSATION EXPERIMENT' IN THE  
LAB?

HERE ARE A FEW IDEAS!

TODAY'S  
RESEARCHERS ALL  
WORK ON CUTTING  
EDGE SCIENCE - IN  
LOTS OF DIFFERENT  
AREAS.

YOU CAN ASK US  
ANYTHING ABOUT OUR  
FIELD - BUT WE ARE ALSO  
REALLY INTERESTED IN  
KNOWING WHAT YOU  
FEEL!

DISCOVER WHAT  
EXCITES US  
ABOUT OUR  
AREA ... AND  
WHAT MADE US  
DO IT IN THE  
FIRST PLACE.

ASK US WHAT  
WORRIES US ABOUT  
OUR SCIENCE AND  
ITS FUTURE  
APPLICATIONS.

SHARE YOUR REACTIONS  
WITH US. TELL US WHAT  
YOUR HOPES AND FEARS  
ARE ABOUT OUR AREA OF  
RESEARCH AND HOW IT IS  
SHAPING OUR FUTURE.

ASK US WHAT  
WE DON'T KNOW  
YET - AND WHEN  
WE MIGHT BE  
ABLE TO WORK  
IT OUT.

ASK US TO CLARIFY  
SOMETHING HARD,  
OR EXPAND ON  
SOMETHING  
FASCINATING!

THE TIME GOES FAST! SO  
DON'T HOLD BACK. BE  
CURIOUS. AND THERE'S NO  
SUCH THING AS A SILLY  
QUESTION!

ENJOY YOUR  
CONVERSATION!
